A NEW GENERATION OF SUBMACHINE GUN
Introducing the SIG MPX, a machine pistol that redefines the category.

- The SIG MPX is the world’s first submachine gun that operates with a fully closed and locked rotating bolt system, greatly enhancing operator safety.
- The SIG MPX employs the SIG SAUER® battle-proven gas-operated short stroke piston system for unequalled reliability in the field, even under the most adverse conditions.
- The SIG MPX is the only submachine gun that allows the operator to change barrel length, caliber and stock configuration in the field to meet mission requirements.

THE NEXT GENERATION OF SUBMACHINE GUN IS HERE
**SIG MPX**

- **Compact variant** - 4.5" barrel – Select Fire
- **Aluminum rail-adaptable handguard** shown
- **3 position telescoping stock** shown

**SIG MPX-K**

- **Monolithic upper receiver with integral M1913 rail at 12 o’clock and free-floating barrel system**
- **Familiar AR-style controls & manual of arms with ambidextrous safety/selector and magazine release**
- **Rear charging handle will not interfere with rail mounted accessories**
- **User-configurable stock system: telescoping, folding or pistol configuration for maximum compactness**
- **Easily convertible to 9mm NATO, .357SIG or .40S&W**
- **SIG SAUER® short stroke pushrod gas system – reduced recoil, superior reliability and reduced fouling**
- **Closed, fully locked rotating bolt system – providing maximum safety in case of bullet or water obstruction in the bore**

**A NEW STANDARD HAS BEEN SET**

**SIG MPX ACCESSORY SYSTEM**

- **SIG MPX Reflex Sight**
- **Aluminum Rail-Adaptable Handguard**
- **Carbon Fiber Rail-Adaptable Handguard**
- **Folding Stock**
- **10/20 Round Magazine**
- **Single Point Bungee Sling**

**SIG MPX-P**

- **Compact variant** - 4.5" barrel – Select Fire
- **Aluminum rail-adaptable handguard** shown
- **3 position telescoping stock** shown

**SIG MPX-SD**

- **Integrally suppressed variant** - 6.5" ported barrel – Select Fire
- **Extended aluminum rail-adaptable handguard**
- **3 position telescoping stock** shown

**SIG MPX-P**

- **Pistol variant** - 6.5" barrel – Select Fire
- **Carbon fiber rail-adaptable handguard shown**
- **Shown with SIG MPX Reflex Sight**

**SIG MPX-C**

- **Standard variant** - 6.5" barrel – Select Fire or SBR
- **Aluminum rail-adaptable handguard**
- **3 position telescoping stock** shown

**SIG MPX SD**

- **Integrally suppressed variant** - 6.5" ported barrel – Select Fire
- **Extended aluminum rail-adaptable handguard**
- **3 position telescoping stock** shown
